

Decision chronology from the repository packet

Corpus fix

Fixed the Ramsey-specific corpus and kept H1 as champion.

Baseline freeze

Locked matched-compute rules before any compute narrative.

Probe promotion

Promoted atlas, canonicalization, transfer, and witness safety.

No-go ladder

Authorized only the future Rung 0–3 ladder and no stronger claims.

Noise removal

Demoted lexical false positives from the active prior-art set.

H1 specification

Recast the main claim as an obstruction object, not an OVE engine.

Route stress test

Demoted H2 and H3; kept H1 under numeric falsifiers.

Memo freeze

Closed the packet as a constrained no-go memo.
